**He explained their updated by-laws, and he reminded them of T-shirts and wearing them during legislative process, and how important education of water, new business below. His Radio show is on Mon. and Friday nights in Pahrump KPFM 97.7 7pm – 8pm. He has it running Facebook live also.**

### 5. Old Business

#### **Kenny- Citizens Lobbyist Group**

NOTE: THERE WILL BE NO SMOKING IN THE MUSEUM AT ANY TIME.

January 26, Saturday at 2pm at the Pahrump Museum, education class on how to use the Legislative process on their website, home based.

**Legislation Registering**

3 bills now are up that Kenny has seen that include conjunctive management, weaken and eventually eliminate beneficial use in favor of the date of priority. Legislatures need to be educated. You do not need to register once you learn how to use the legislative website from home.

6. New Business

**A. Ground Water Education-**

**Preserving our Traditional Rural Lifestyle and Sole Aquifer**

Educated us on Static Water Level testing- there is a depth of water in your well. At the top of your well you have a well cap and it has a plug in it we take that off. The Instrument Co-op uses looks like a tape measure, we lower this into your well and as soon as it touches water, a sensor goes off, and it measures how deep the water level is.

Total dissolved solids- Co-op has a tester, you have to shut your water off hour before testing. We can test for nitrates by filling up the tester with your water.

Basin 162 has only one source of water, groundwater runoff from the mountain. It is called perennial yield, goes into our Sole Aquifer.

7. Adjourn Meeting

John motioned to adjourn, Jack Anderson seconded, all were in favor

Signed by Secretary/Treasurer:
