

PWOC GENERAL MEMBERSHIP MINUTES

February 02, 2019
Pahrump Museum
401 E. Basin
10:00am– Saturday

STAFF IN ATTENDANCE

John Bosta	X	Wade Hinden	X	Christina Stern	X	Dwight Lilly
------------	---	-------------	---	-----------------	---	--------------

Attendees:	34	Members	13	Visitors
------------	----	---------	----	----------

1. Call to Order

2. Pledge of Allegiance

3. Review and approval of prior membership meeting minutes: 1-05-19

John Bosta motioned to approve, Ernie Jackson seconded, all were in favor

4. Reports, discussions and possible action(s)

(a) President- John Bosta

i. No Report

Wade chaired as Temporary President as John termed out.

(b) Secretary/Treasurer – Stern

i. Bank Statement and Expenses, Income

Made report, tried to get online, but it was temporarily shut down. Lance Shaus motioned to accept expenses, John Bosta seconded, all were in favor.

ii. Patronages

Christina is going to send Dwight a copy of our Profit & Loss report and we are going to call a lawyer for a free hour consultation to find out if our Co-op is liable to pay patronages every year. If so we will be paying them out sometime this year, and in doing research on internet, it looks like if members choose to donate back to the Co-op, they can. We are also looking at changing our entity from a 501(C)12 to a 501(C)4 possibly.

iii. Open Invoice Report

Report is available for member's questioning their account at end of meeting

iv. Membership Certificates

Called out names and handed Members their Certificates and Envelopes

(c) Vice President – Hinden

ii. Volunteers for counting of ballots

Volunteers were chosen

i. Signs/Advertisement

Signs available at end of meeting for donation, you can replace your signs per weather damage

ii. Well Testing

Those who haven't had their well tested, see Wade to put your name on list at end of meeting. We test for Water level, Nitrates, and PH, and TDS.

NOTE: THERE WILL BE NO SMOKING IN THE MUSEUM AT ANY TIME.

iii. Importance of filtering your drinking water

Filtering your water can help maintain your immune system. A member stressed importance of using filtered water to boil vegetables if you are not healthy as the well water enters your food. Boiling water only kills some bacteria, but does not illuminate toxins such as Arsenic, Nitrates, etc. A member brought up that Channel 5 had news report of Arsenic in water in Armagosa Valley. Wade said a filter will stop sand from getting into your water. He changes his out every 4 months. He also installed a .5 Micro filter(mesh style) in his well. This stops particles from coming into his water heater, refrigerator, etc. Also there are whole house reverse osmosis systems that include ultra violet light. He passed around a handout. He received his information from a website on Beverage consulting.

(d) Director – Lilly

i. T- shirts

Anthony Greco volunteered to help Dwight. He printed up a lot, wants to stick with color Blue only, Min donation \$20.00, available after meeting.

ii. Radio show

KPFF 97.7 FM Mondays & Fridays at 7:00p. Has a Facebook Live Page you can search for Dwight Lilly and picture is of an old time radio. Click that page and watch it LIVE. Dwight found out from a gentleman in Las Vegas who purchased property out here by the Landfill that doesn't have a liner, from watching his radio show. He visited our meeting today.

iii. Website

iv. Ground Water Education-Septic System Maintenance

Moved to next meeting, March 02, 2019 due to Elections

5. Old Business

None to report

6. New Business

Denise Maraz visited us to talk about Chemtrails that she has been investigating since 2009, 2010 and was working on filming a Documentary. She said, "Our Government and Mainstream media are lying to us about this topic. She had to discontinue documentary to protect her family. She let us know she contacted Geo Engineering Watch and they told her they have a class action suit that has been filed for Chemtrails for all humans in USA. She considers this to be a form of Human Experimentation done to us without consent. She also spoke of Agenda 21. She let us know that President Trump said he was going to put a stop to this spraying during his campaign, and has yet to do so. You can go to Geo Engineering Watch website to find out more information.....

Dwight brought up that New Board of Directors need to meet this week to discuss Legislative Process, discuss different committees for moving forward, and discuss changing General Membership meeting from Saturday back to week day again.....

7. Election Results Announced

Congratulations to New Board of Directors:

President- Dwight Lilly- 77 votes

Vice President- Wade Hinden- 75 votes

Secretary- Elaine Baumstark- 72 votes

Treasurer- Christina Stern- 75 votes
